NOW even better with new Accelerated Death Benefit for Chronic Illness

Let's Meet Susan

At age 30, Susan purchases a \$200,000 EasyTrak 30-year term life policy from SBLI

- The policy includes a Chronic Illness Rider at no additional premium cost
- Rider allows Susan to access up to 50% of her death benefit if she develops two qualifying chronic illness conditions, certified by a physician

At age 58, living with Multiple Sclerosis now for years, Susan decides to accelerate her benefit

- She meets two of the six Activities of Daily Living
- Her doctor certifies eligibility
- Susan can accelerate up to 50% of the benefit

Original death benefit	Maximum benefit access*
\$200,000	\$100,000
Payout to Susan: \$86,458.82 (less \$13,291.18 actuarial adjustment and \$250 policy fee)	

*Lesser of \$250,000 or 50% of death benefit

What's next for Susan?

Immediate benefit

- Receives \$86,458.82
- Can use funds for:
 - Home health care
 - Assisted living
 - Medical or household expenses
 - Any other financial needs

Ongoing policy protection

- Remaining death benefit: \$100,000
- Premium payments are waived
- Coverage continues for her beneficiaries
